MEASUREMENT GUIDE

Thank you for choosing Carmel Designs for your custom show wear needs. Please take this guide along with the Measurement Form to a professional seamstress or tailor for measuring. Read the following instructions completely before measuring. Accurate measurements are essential to the final fit of your garment. Have your measurements taken in the undergarments you plan to wear while showing. If you are measuring for chaps ONLY, measure over top of the pants you will wear under them. If we are making your pants in addition to the chaps, measure in undergarments only. If you or the professional measuring have ANY questions please contact Carmel at 402-750-1329 or 402-286-4079
